

KAISUN ENERGY GROUP LIMITED

凱順能源集團有限公司*

(Incorporated in the Cayman Islands with limited liability)

(Stock code: 8203)

THIRD QUARTERLY RESULTS ANNOUNCEMENT FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2015

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a high investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss however arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors (the “Directors”) of Kaisun Energy Group Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief:- (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

* for identification purpose only

The board of directors (the “Board” or the “Directors”) of Kaisun Energy Group Limited (the “Company”) is pleased to announce the unaudited results of the Company and its subsidiaries (collectively, the “Group”) for the three months and nine months ended 30 September 2015, together with the unaudited comparative figures for the corresponding periods in 2014 as follows:

NOTES

1. GENERAL INFORMATION

The Company was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law of the Cayman Islands. The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands. The address of its principal place of business is Unit A, 13/F., Two Chinachem Plaza, 68 Connaught Road Central, Central, Hong Kong. The Company's shares are listed on the Growth Enterprise Market ("GEM") of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

The Company is an investment holding company. The condensed consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the Company's functional and presentation currency.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The Group's condensed financial information have been prepared in accordance with International Accounting Standard issued by International Accounting Standards Board, and the applicable disclosures required by the Rules Governing the Listing of Securities on the GEM of the Stock Exchange ("GEM Listing Rules").

These condensed financial information should be read in conjunction with the 2014 annual financial statements. The accounting policies and methods of computation used in preparation of these condensed financial information are consistent with those used in the annual financial statements for the year ended 31 December 2014.

3. ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS

During the nine months ended 30 September 2015, the Group has adopted all the new and revised International Financial Reporting Standards ("IFRSs") that are relevant to its operations and effective for its accounting periods beginning on 1 January 2015. IFRSs comprise of International Financial Reporting Standards; International Accounting Standards; and Interpretations. The adoption of these new and revised IFRSs did not result in substantial changes to the Group's accounting policies and amounts reported for the nine months ended 30 September 2015 and the same period in last year.

The Group has not applied new and revised IFRSs that have been issued but are not yet effective. The directors anticipate that the new and revised IFRSs will be adopted in the Group's consolidated financial statements when they become effective. The Group has assessed, where applicable, the potential effect of all new and revised IFRSs that will be effective in future periods but is not yet in a position to state whether these new and revised IFRSs would have a material impact on its results of operations and financial position.

4. FAIR VALUE MEASUREMENTS

Except for available-for-sale financial assets, the carrying amounts of the Group's financial assets and financial liabilities as reflected in the consolidated statement of financial position approximate their respective fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following disclosures of fair value measurements use a fair value hierarchy that categorises into three levels the inputs to valuation techniques used to measure fair value:

Level 1 inputs: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.

Level 2 inputs: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs: unobservable inputs for the asset or liability.

The Group's policy is to recognise transfers into and transfers out of any of the three levels as of the date of the event or change in circumstances that caused the transfer.

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

Management of Kaisun Energy Group Limited (“the Group”) is delighted to let our shareholders know that we have achieved a milestone on the 29 October 2015 by signing a conditional agreement with Tojiksodirotbank (“TSB”) in a forum cohosted by the Group at the Hong Kong Polytechnic University. Attendees and speakers of this event included prestigious guests such as Tajik Ambassador to China and Shanghai Cooperation Corporation (“SCO”) Secretary General designate Mr. Rashid Alimov as well as Mr. John Tsang Chun-wah, GBM, JP, Financial Secretary of HKSAR. This conditional agreement signing marks the first ever Hong Kong — Central Asia cooperation in China’s Belt and Road Initiative (“B&R”). Central Asia being the core region of the “Belt” in the B&R.

The significance of this conditional agreement goes beyond the great business potential between the Group and TSB (TSB is one of the largest privately held commercial banks in Tajikistan of Central Asia). In the recent months, there have been many discussions, media coverage, forums and speeches on how Hong Kong can participate in the B&R. With that said, many Hong Kong companies are able to recognize the massive potential but actually taking action is a totally different beast. Fortunately, management of the Group saw the potential in Central Asia and invested in Tajikistan back in 2011, which is actually a couple years before the B&R is made official by Chinese President Xi Jinping. With the experience and business connection we have accumulated over the years, the Group is able to become the frontrunner of the B&R and we believe we can be a role model to other Hong Kong companies that want to take advantage of this once in a lifetime opportunity.

Our conditional agreement with TSB is the second collaboration we have with the respectable establishment. The first being a MOU signed back in June 2015 in regards to establishing a multi-purpose trading platform in Tajikistan. Kaisun Energy and TSB collaboration is based on the following strategic reasoning:

- 1) Tajikistan is a natural resource and minerals rich country without a modern commodity trading platform.
- 2) Financial sector is one of Hong Kong’s greatest strength. Tajikistan can learn from one of the best when developing its financial sector.
- 3) Renminbi internationalization is one of most important agenda of the Belt and Road Initiative. Tajikistan, Central Asia as well as many “Belt” countries have to a certain extent been using RMB to settle their trade with their Chinese counterparts. It is our hope that through the collaboration with TSB we can standardize this practice starting with a trading platform in Tajikistan and go from there.

With that said, we have not forgotten our cooperation framework agreement with China National Technical Import and Export Corporation (“CNTIC”) — a wholly-owned subsidiary of the US Fortune 500 China General Technology (Group) Holding Ltd. We have been exploring business opportunities with the said Central Enterprise. The Group continues to aim to partner up with large state-owned enterprise (“SOE”) to jointly take on potential projects. Nonetheless, the Group aims to become more than a “super connector”, but instead use our experience and expertise to help our partners with hands on involvement whether it will be fund raising, handling government relationships, corporate management, and future exit strategy and execution.

While the Group is moving forward with the B&R business development, management of the Group continued to dedicate much of our attention to the Group's existing businesses. Our existing business and B&R business development are always moving forward in parallel. However, since coal mining and mining related industry have been struggling in the recent years, the Group has shifted our attention from ramping up production to stricter cost control and reducing capital expenditure while retaining the necessary flexibility when opportunities arises. Part of the appeal of B&R business is that unlike our mining related business which is cyclical in nature, B&R related business will not be undermined by cyclical effects

As previously stated in the Group's interim report of 2015, the demand of coal in Tajikistan remains healthy and stable. The reason management of the Group decides to be more conservative in the production is because all of the Group coal sale is denominated in the rapidly depreciating Somoni (Jan 2015 USD1=TJS 5.3, Nov 2015 USD1=TJS 6.62, a depreciation of 25% over 11 months' time) while our production costs are mostly denominated in other currencies such as Renminbi and US Dollars. The Group's Shandong mining and metallurgical machineries production and supply chain management businesses have also been affected by the low demands in minerals and the current economic environment. Nonetheless, our Shandong business is very flexible in nature and our modest scale actually helps us survive in this hostile environment while other large scale operations are closing down due to high overhead costs. Likewise, it is to the discretion of the Group's management whether to take on supply chain management business so our exposure is minimized.

For the rest of the year, management of the Group will continue to monitor our existing business and act accordingly to our existing development plans. Management of the Group still do not see a quick turnaround in the coal industry so therefore our decisions will most likely to remain conservative. We are, however, confident that we are capable of adapting to most changes that will likely occur.

Management of the Group is in the course of reorganising the business units to reflect the Group's business strategies and development in the B&R. The Group believes in leveraging our experience in the "Belt" countries initially in Central Asia in the sectors of energy and mining; logistic services; food and agriculture & financial market. This reorganisation is so structured to pave way to invite strategic equity investors to partner with us in order to transform each business unit into standalone operations. We currently have CNTIC as our industrial partner and TSB for strategic partnership in the financial sector. Our long term partner, Xinjiang Coal Geology Bureau with whom Kaisun is still maintaining close contacts will help us with our forthcoming development in the mining, energy and logistics sectors. The Group's long term and closer relationships with the aforementioned companies to help our group to invite more big corporations with expertise in their own field to come in to strengthen our businesses. These big corporations invited will then be able to leverage on the Group's experience in the Silk Road to achieve great success.

Management of the Group will continue to move forward in our B&R business development plan. Management of the Group have established joint task force with our B&R business development partners such as CNTIC and TSB. Collaborations, strategy formulation as well as feasibility studies reports on potential projects are currently in motion while we continue to look for other strong business partners and B&R opportunities. Also, due to the investment scale of most of these projects, the Group will likely need further fund raising and management of the Group have identified suitable and strong investors and will keep in close contacts with them. Official announcements will be made regarding the next step of our investments or fund raising activities when appropriate.

The primary duties of the AC are to review and supervise the financial reporting process and internal control system of the Group and provide an important link between the Board and the Company’s auditors in those matters within the scope of the Group’s audit. It also reviews the effectiveness of the external and internal audit and conducts risk evaluation.

In order to comply with amendments to the Rules Governing the Listing of Securities on the Growth Enterprise Market of the Stock Exchange of Hong Kong Limited, on 30 March 2012, new terms of reference that supersedes previous terms of reference of the AC were adopted. The new written terms of reference which describes its authorities and duties is available on the Company’s website www.kaisunenergy.com under “Investor Relations” section with heading of “Corporate Governance”.

The unaudited quarterly results for the nine months ended 30 September 2015 have been reviewed by the AC which was of the opinion that the preparation of such results complied with the applicable accounting standards and requirements and that adequate disclosures have been made.

6. Remuneration Committee

The Company established the Remuneration Committee (“RC”) in March 2006. On 30 March 2012, for more effective functioning of the board, there was a redesignation of Director’s role and function in order to comply with the amendments to the Rules Governing the Listing of Securities on the Growth Enterprise Market of the Stock Exchange of Hong Kong Limited effective on 1 April 2012.

The current RC comprised one executive director and two independent non-executive directors, namely Mr. Chan Nap Kee Joseph, Dr. Wong Yun Kuen and Mr. Anderson Brian Ralph. Dr. Wong Yun Kuen is the chairman of the RC.

The primary duties of the RC are to determine, with delegated responsibility, the remuneration packages of individual executive directors and senior management.

In order to comply with amendments to the Rules Governing the Listing of Securities on the Growth Enterprise Market of the Stock Exchange of Hong Kong Limited, on 30 March 2012, new terms of reference that supersedes previous terms of reference of the RC were adopted. The new written terms of reference which describes its authorities and duties is available on the Company’s website www.kaisunenergy.com under “Investor Relations” section with heading of “Corporate Governance”.

7. Nomination and Corporate Governance Committee

On 30 March 2012, the Company established a Nomination and Corporate Governance Committee (“NC”) with written terms of reference which deals clearly with its authorities and duties. The NC comprises three members, namely Mr. Siu Siu Ling Robert (chairman of the NC), Mr. Liew Swee Yean and Mr. Chan Nap Kee Joseph.

The primary duties of the NC is to make recommendations to the Board on appointment or reappointment of Directors, and to develop and review Group’s policies and practices on corporate governance and to make recommendations to the Board.

Written terms of reference were adopted in compliance with the GEM Listing Rules, and is available on the Company’s website www.kaisunenergy.com under “Investor Relations” section with heading of “Corporate Governance”.

During the nine months ended 30 September 2015, neither the Company nor any of its subsidiaries has purchased or sold any of its listed securities, except that the trustee of the Share Award Scheme, pursuant to the terms of the rules and trust deed of the Share Award Scheme, purchased on the Stock Exchange a total of 34,610,000 shares of the Company at a total consideration of about HK\$3,327,000.

9. Code of Conduct Regarding Securities Transactions by Directors

The Company has adopted a code of conduct regarding securities transactions by Directors on terms no less exacting than the required standard of dealings as set out in Rules 5.48 to 5.67 of the GEM Listing Rules throughout the nine months ended 30 September 2015. The Company has also made specific enquiry to all Directors and the Company was not aware of any noncompliance with the required standard of dealings under the GEM Listing Rules and its code of conduct regarding securities transactions by Directors.

10. Code on Corporate Governance Practice

The Company has adopted the code provisions (“Code Provision”) set out in the Corporate Governance Code (the “CG code”) contained in Appendix 15 to the GEM Listing Rules. The Company has complied with all applicable code provisions in the CG code throughout the period ended 30 June 2015, except for the following deviations:

The Code Provision A2.1 stipulates that the role of chairman and chief executive officer should be separated and should not be performed by the same individual. Since 2 November 2010 to the date of this report, Mr. Chan Nap Kee Joseph, chairman, took up the role of acting chief executive officer as well, which deviates from Code Provision A2.1. As the Company is developing its business in energy and resources sector and has recently acquired coal mining assets outside China, the Remuneration Committee is searching for the right person to take up the role of Chief Executive Officer to carry out the strategic plans and policies as established by the board of directors. In the meantime, Mr. Chan Nap Kee Joseph, our Chairman, took up the role of Acting Chief Executive Officer until the suitable person is selected. The Company will publish announcement on appointment of Chief Executive Officer when appropriate.

The Code Provision A.5.6 stipulates that the nomination committee (or the board) should have a policy concerning diversity of board members, and should disclose the policy or a summary of the policy in the corporate governance report. The Nomination and Corporate Governance Committee of the Company (the “Nomination Committee”) would review the board composition from time to time and it considered that the board diversity is in place and therefore written policy is not required. Due to the amendment of the Listing Rules effective 1 September 2013, a board diversity policy (the “Board Diversity Policy”) has been adopted in December 2013. The Board Diversity would be considered from a number of aspects, including but not limited to skills, experience, knowledge, expertise, culture, independence, age and gender.

Under Code Provision A6.7, independent non-executive directors and other non-executive directors should attend general meetings. Mr. Anderson Brian Ralph was unable to attend the annual general meeting of the Company held on 11 May 2015.
