PROFIT WARNING

This announcement is made by the Company pursuant to rule 17.10 of the GEM Listing Rules and the Inside Information Provisions under Part XIVA of the SFO.

The Board wishes to inform the Shareholders and potential investors that, based on information currently available to the Board, the Group is expected to record a loss for the six months ended 30 June 2019 as compared to a profit recorded for the corresponding period in 2018.

Notwithstanding that the Group's other business segments has experienced operation improvements during this period, the expected loss for the corresponding period in 2019 is mainly attributable to a loss in the fair value of the Group's Hong Kong securities trading business.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company

This announcement is made by Kaisun Holdings Limited (the "Company", and together with its subsidiaries, the "Group") pursuant to rule 17.10 of the Rules Governing the Listing of Securities on Growth Enterprise Market of the Stock Exchange of Hong Kong Limited (the "GEM Listing Rules") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Cap.571, Law of Hong Kong) (the "SFO").

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “Shareholders”) and potential investors that, based on information currently available to the Board, the Group is expected to record a loss for the six months ended 30 June 2019 as compared to a profit for the six months ended 30 June 2018. Such change from profit to expected loss is primarily attributable to a fair value loss was expected to be recorded on fair value through profit or loss on listed securities investment for interim period of 2019, while an unrealized profit on fair value through profit or loss on listed securities investment was recorded for the same period last year, and loss on disposal of financial assets at fair value through profit and loss was expected to be recorded for interim period of 2019.

Fair value gain or loss was arrived at using following method:

During every financial period the Group’s Hong Kong listed securities' value is calculated using the closing stock prices as at each financial period’s cut-off date.

(i) Any subsequent movement in market price after such cut-off date will be recorded as an “unrealized” gain or loss in the next reporting period compared to the last or corresponding period in case the securities is not sold, and a “realized” gain or loss if the securities is sold.

(ii) Acquisition cost can only be used to calculate the performance of the stock when it is within the same reporting period.

The Group would like to emphasize that most of the expected unrealized and realized loss on the listed securities recorded during the interim is mostly due to market fluctuation of the stocks the Group invested from a couple of fiscal years ago. The selling prices of the disposed securities and the closing prices as at 30 June 2019 of the securities that remain in the Group’s investment portfolio are mostly higher than the acquisition cost. In reality, the Group captured trading profits from today's stagnant financial market and such disposal positively contributed to the cash position of the Group.

The Company is still in the process of finalising the interim results of the Group for the six months ended 30 June 2019 (the “2019 Interim Results”).

The information contained in this announcement is only a preliminary assessment by the management of the Company based on information currently available to the Board, and is not based on any figures or information which have been audited or reviewed by the Company’s auditor or the audit committee of the Company.

Shareholders and potential investors are advised to refer to details of the financial information to be disclosed in the Company's announcement of the 2019 Interim Results, which is expected to be published on 9 August 2019.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
Kaisun Holdings Limited
CHAN Nap Kee, Joseph
Chairman
