CHARACTERISTICS OF GEM

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

By order of the Board

This appendix serves as an explanatory statement, as required by the GEM Listing Rules, to provide you with requisite information for your consideration of the Repurchase Mandate.

1. GEM LISTING RULES RELATING TO REPURCHASE OF SHARES

The GEM Listing Rules permit companies whose primary listing is on the Stock Exchange to repurchase their shares on the Stock Exchange and any other stock exchange on which the securities of the company are listed and such exchange is recognised by the Securities and Futures Commission of Hong Kong subject to certain restrictions. Among such restrictions, the GEM Listing Rules provide that the shares of such company must be fully paid up and all repurchase of shares by such company must be approved in advance by an ordinary resolution of shareholders, either by way of a general repurchase mandate or by specific approval of a particular transaction.

2. EXERCISE OF THE REPURCHASE MANDATE

Subject to the passing of the resolution granting the Repurchase Mandate and assuming that no further Shares are issued or repurchased prior to the AGM, exercise in full of the Repurchase Mandate, on the basis of 3,768,405,700 Shares in issue at the Latest Practicable Date, could result in up to 376,840,570 Shares being repurchased by the Company during the period up to (i) the conclusion of the next annual general meeting of the Company; (ii) the expiration of the period within which the next annual general meeting of the Company is required by the Articles or any applicable laws to be held; or (iii) the revocation, variation or renewal of the Repurchase Mandate by ordinary resolution of the Shareholders in general meeting, whichever occurs first.

3. REASONS FOR REPURCHASES

Repurchases of Shares will only be made when the Directors believe that such a repurchase will benefit the Company and the Shareholders as a whole. Such repurchases may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and/or its earnings per Share.

4. FUNDING OF REPURCHASES

In repurchasing Shares, the Company may only apply funds legally available for such purpose in accordance with its memorandum and articles of association and the applicable laws of the Cayman Islands. The law of the Cayman Islands provides that the amount to be repaid in connection with a share repurchase may be paid from the profits of the Company and/or the proceeds of a new issue of Shares made for the purpose of the repurchase or out of capital, if the Company can, immediately following such payment, pay its debts as they fall due in the ordinary course of business. Any premium payable on a purchase over the par value of the Shares to be purchased must be provided for out of profits of the Company or out of the Company's share premium account. The Company may not purchase securities on GEM for a consideration other than cash or for settlement otherwise than in accordance with the trading rules of the Stock Exchange from time to time.

5. GENERAL

There might be a material adverse impact on the working capital or gearing position of the Company (as compared with the position disclosed in the Company's latest published unaudited financial statements for the first quarter ended 31 March 2016) in the event that the Repurchase Mandate is exercised in full. However, the Directors do not propose to exercise the Repurchase Mandate to such extent as would, in the circumstances, have a material adverse effect on the working capital requirements of the Company or on its gearing position which in the opinion of the Directors are from time to time appropriate for the Company.

The Directors have undertaken to the Stock Exchange that, so far as the same may be applicable, they will exercise the Repurchase Mandate in accordance with the GEM Listing Rules, the memorandum and articles of association of the Company and the applicable laws of the Cayman Islands.

None of the Directors and, to the best of their knowledge, having made all reasonable enquiries, none of their respective associates (as defined in the GEM Listing Rules), have any present intention, if the Repurchase Mandate is exercised, to sell Shares to the Company or its subsidiaries.

No connected person (as defined in the GEM Listing Rules) of the Company has notified the Company that he has a present intention to sell Shares to the Company or has undertaken not to sell any Shares held by him to the Company in the event that the Repurchase Mandate is granted.

If as a result of a repurchase of Shares, a Shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purpose of the Takeovers Code. As a result, a Shareholder, or a group of Shareholders acting in concert, depending on the level of increase in the Shareholder's interests, could obtain or consolidate control of the Company and become(s) obliged to make a mandatory offer in accordance with Rule 26 of the Takeovers Code.

As at the Latest Practicable Date the Substantial Shareholders (as defined in the GEM Listing Rules) and their respective interests in the issued share:

Name of Shareholders	Number of Shares held	Approximate percentage of existing shareholding	Approximate percentage of shareholding if the Repurchase Mandate is exercised in full
<i>Substantial shareholders</i>

Oriental Patron Financial Group Limited (“OPFGL”) (<i>Note 1</i>)	218,490,000	5.80%	6.44%

Notes:

- OPFGL holds 218,490,000 Shares. OPFGL is 51% owned by Zhang Zhi Ping and is 49% owned by Zhang Gaobo.

Of these 218,490,000 Shares, 86,380,000 Shares are held by Pacific Top Holding Limited (“PTHL”). PTHL is wholly owned by Oriental Patron Financial Services Group Limited (“OPFSGL”), OPFSGL is 95% held by OPFGL. Zhang Zhi Ping, Zhang Gaobo, OPFGL and OPFSGL are deemed to be interested in the interests held by PTHL under the SFO.

Save as disclosed above, the Directors were not aware of any other person (other than the directors and the chief executives of the Company) who, as at latest practicable date, had, or was deemed to have, interests or short positions in the Shares or underlying Shares, which would fall to be disclosed to the Company and the Stock Exchange under provisions of Divisions 2 & 3 of Part XV of the SFO.

On the above basis, the exercise of the Repurchase Mandate in full would not trigger any general offer obligation under Rule 26 of the Takeovers Code.

The Directors have no intention to exercise the Repurchase Mandate to such an extent that will result in the number of Shares in the hands of the public falling below the prescribed minimum percentage of 25%.

6. SHARE REPURCHASES BY THE COMPANY

The Company has not repurchased any of its Shares (whether on GEM or otherwise) in the six months preceding the Latest Practicable Date.
