

KAISUN'S Joint Venture sponsored Macau and Portugal e-Sport team to compete in the 9th International e-Sports Federation World Championship 2017

Our e-Sports management team brought Macau and Portugal e-Sport team to the 9th International e-Sports Federation World Championship 2017 in Busan, Korea on November 9, 2017 to compete in League of legends (LOL) and Tekken7 in the 4 days game with the world's best. Management team of the Joint Venture comprises management from both Kaisun and Grow uP eSports, the only Macau and Portugal representative of International e-Sports Federation.

International e-Sports Federation is a global organization based in South Korea whose membership countries cover Asia, Europe, America, Oceania and Africa, etc. It promotes and supports e-Sports platform and whose mission is to have e-sports recognized as a legitimate sport.

Mr. Fong Ka-lo, a member of our Macau team, beat representatives from Azerbaijan, Namibia, Israel and South Africa in the Tekken 7 matches of first day and hence he was qualified for second round.
