

Luncheon with diplomats and business leaders to exchange views on doing business in Belt & Road on May 23, 2017

The Belt and Road initiative seeks to promote regional economic growth through economic and trade cooperation among over 60 countries and regions along the Silk Route Economic Belt and 21st Century Maritime Silk Road. Five major goals of the Initiative's are policy coordination, facilities connectivity, trade and investment facilitation, financial integration and people-to-people bonds; facilities connectivity mainly in the form of infrastructure development has emerged as a top priority.

Joseph Chan, Chairman of Silk Road Economic Development Research Centre (sixth left) poses with other VIPs, including:
