Kaisun Energy invited Shanghai Cooperation Organization Secretary General Mezentsev, Mr. Rashid Alimov, Ambassador Extraordinary and Plenipotentiary of the Republic of Tajikistan to the People's Republic of China and other prominent speakers from business sectors in Central Asian countries to share their views on "Focus on Central Asia". During the seminar, Honourable guest speaker - Secretary General of SCO - Mr. Dmitry Mezentsev and other speakers shared their valuable insights on Central Asia to the crowd filled with Hong Kong industry leaders and professionals. It was the very first Silk Road Strategy and Central Asia focused seminar hosted in Hong Kong.

Mr. Dmitry Mezentsev outlined the importance of Central Asia in the overall Silk Road Strategy and the support that is coming from both China and SCO respectively. Not only are they heavily promoting the Silk Road strategy all over the globe but there are also actual financial support which includes the US\$ 40 billion Chinese Silk Road Fund and also SCO's very own financing institution. Mr. Rashid Alimov on the other hand focused on Tajikistan and gave a wonderful speech on various investment opportunities such as mining, energy, water resources, agriculture and financial institutions

Background

Chinese Government has put forward the initiatives of building the Silk Road Economic Belt and the 21st Century Maritime Silk Road, or "One Belt One Road" in short. These economic co-operation corridors, spanning different regions in Asia, Europe and Africa, will promote co-development among countries and foster co-operation in the political, economic and social areas. The initiatives feature "five links" in the arenas of policy, facilities, trade, capital and culture. Many countries along the "One Belt One Road" have great development potential.

Seminar

During the seminar, the current development and opportunities arising from China's "One Belt One Road" and "Silk Road Strategy" was explored. The goal of "One Belt One Road" initiative is to break the Chinese connectivity bottleneck as well as helping the economic growth of the partner countries along the Silk Road including Central Asian countries. Thought-provoking ideas and views were exchanged between our guest speakers and conference attendees. Some hard-hitting questions were asked in the seminar and overall the answers were informative and satisfying. In the end, the seminar received extremely positive feedback from our guest speakers as well as attendees and we hope that this seminar will give rise to a series of future seminars on this topic as well as bringing awareness of the Silk Road Strategy and Central Asia to the people in Hong Kong.

As Director of Silk Road Economic Development Research Centre, Mr. Joseph Chan, Kaisun Energy's Chairman, delivered the concluding remarks, together with Dr Chan Man Hung, Thomas, Head of China Business Centre, The Hong Kong Polytechnic University.

Having received overwhelming response, the seminar hosted at Hong Kong Polytechnic University - China Business Centre, was attended by over 100 attendees including government officials and representatives, investors, analyst, professionals, businessman from local and overseas including those from Central Asian countries. The event was well conducted with participants openly discussing, exchanging views and exploring potential opportunities arising from "Silk Road Strategy" and "One Belt One Road" initiative.
